# The Library UC SAN DIEGO

LIBRARY DIGITAL SERVICES

DATA & GIS LAB

The Data & GIS Lab helps support the full data lifecycle in **quantitative**, **qualitative**, and **geographical** research at UC San Diego. The Lab provides access to and consulting on the use of statistical and geospatial tools, including ArcGIS, R, Python, Stata, SPSS, SAS, and more.

Also look for our Software Carpentry and other **workshops**!

DIGITAL MEDIA LAB

The Digital Media Lab (DML) is open to all UC San Diego faculty, staff, and students, providing a space for **media creation and editing**.

Specific capabilities include **free 3D printing**, video editing, image manipulation, sound editing, media-rich website creation.

DIGITAL SCHOLARSHIP

The Library offers support for implementing digital scholarship methods and tools in research and teaching, such as pertaining to digital publishing, digital exhibitions, **text mining**, networked writing, website building, and the **public humanities**.
